Snow Pusher 7 Foot	7510761
Snow Pusher 8 Foot	7510763

ESTIMATED INSTALLATION TIME: 1/2 hour*
 * Approximate time only; actual time may vary.

Kit Explanation

This installation instruction will explain how to safely and correctly install the Back Drag Kit.

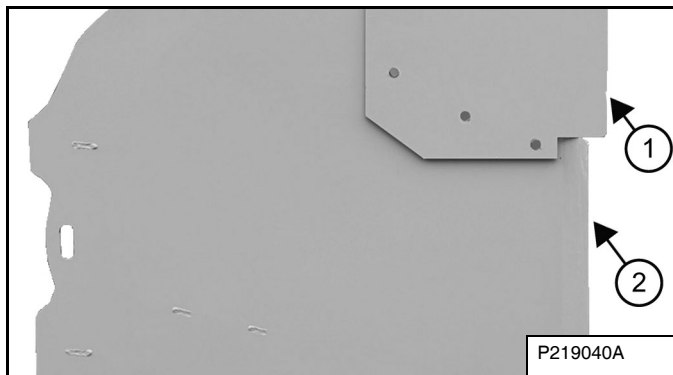

Read this instruction completely to become familiar with the procedures before beginning the installation.

To avoid duplication, instructions may refer you to the Operation & Maintenance Manual.

INSTALLING BACK DRAG KIT

Remove the back drag kit from the pallet and make sure you have all hardware.

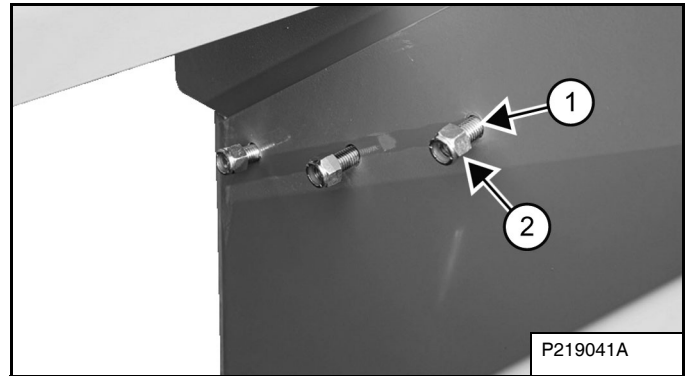

Figure 1

Using a lifting device, place the back drag (Item 1) on the snow pusher (Item 2) [Figure 1] and align the holes.

NOTE: Back drag (Item 1) [Figure 1] will be placed on the outside of the frame of the snow pusher.

Figure 2

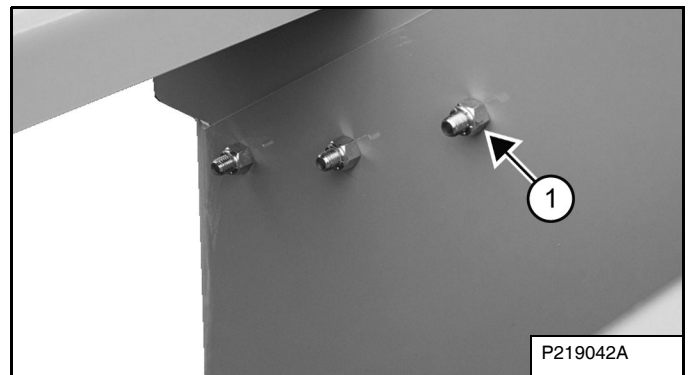

Once aligned, start on one side, and insert three bolts (Item 1) and install three nuts (Item 2) [Figure 2].

NOTE: Do not fully tighten.

Repeat same process on other side.

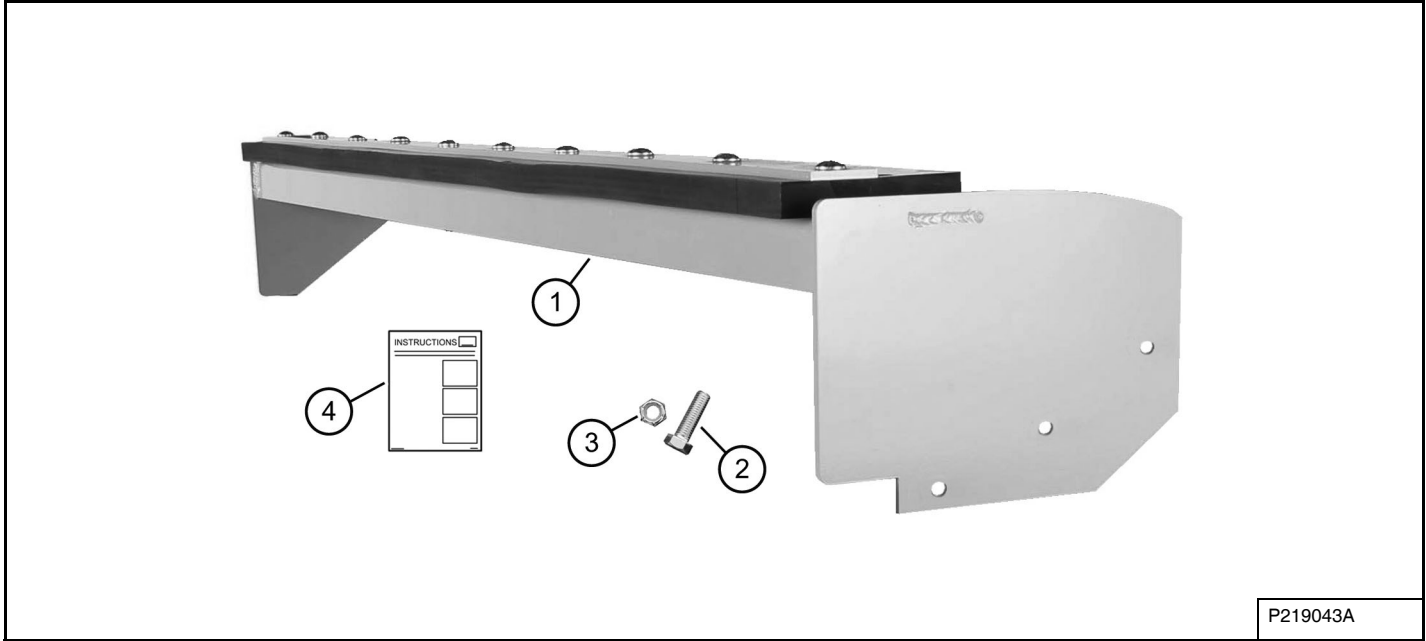

Figure 3

Fully tighten bolts (Item 1) [Figure 3] (both sides).
